How to use AREA (web version)
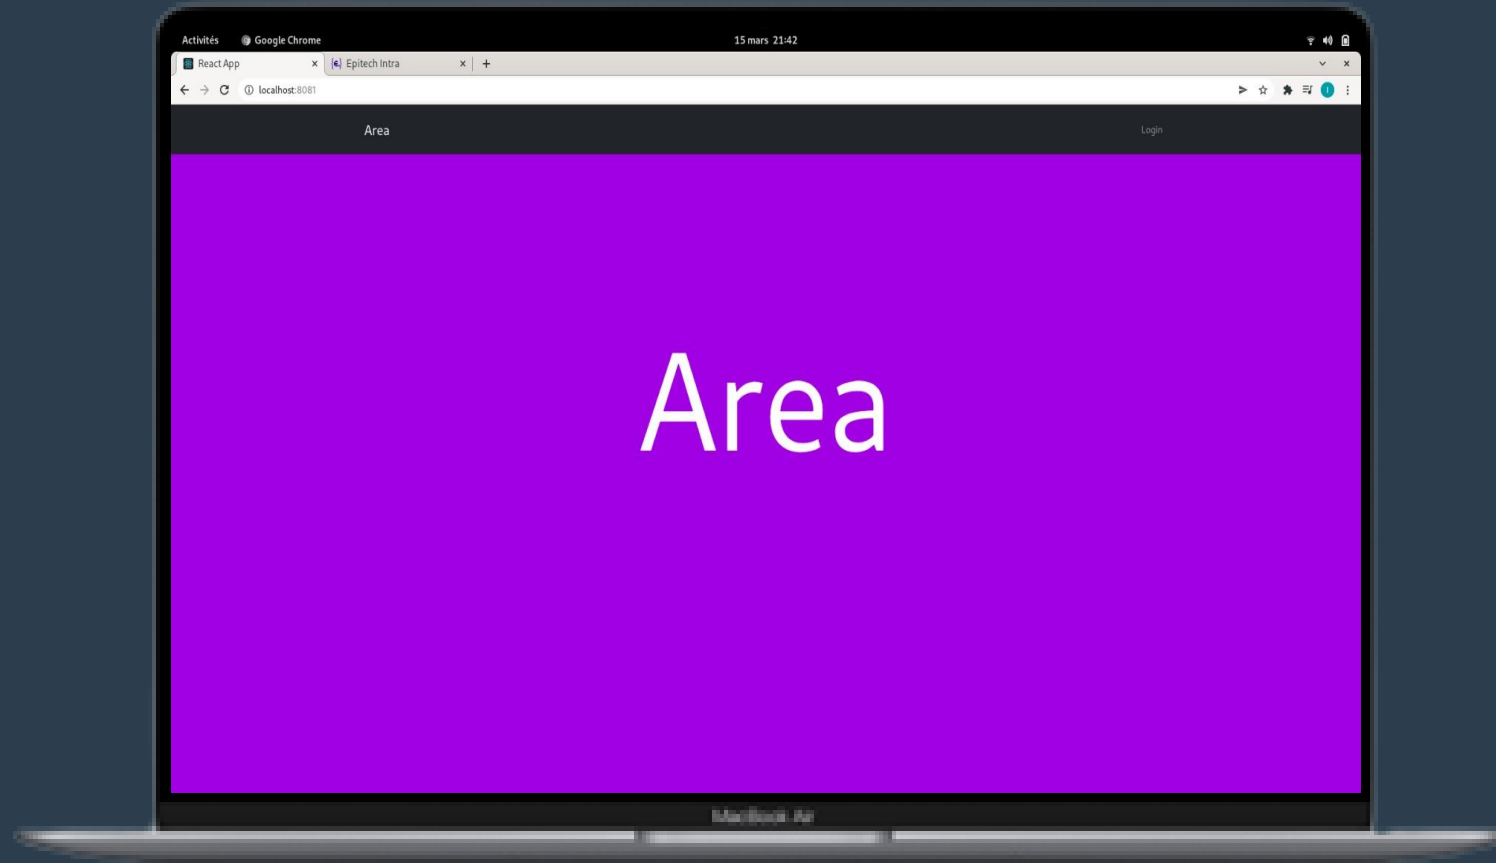

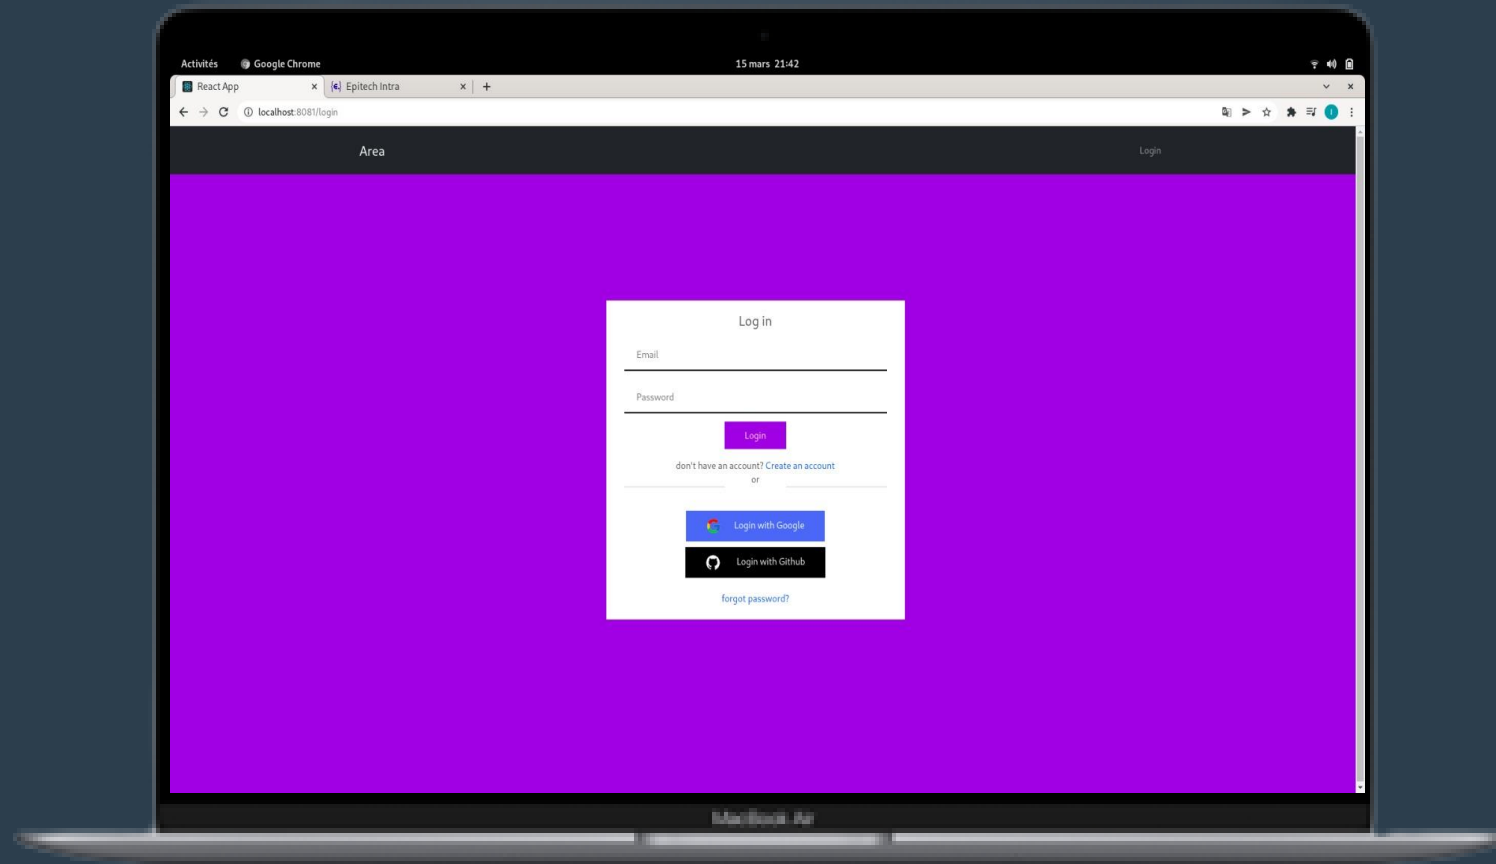

By Benoit, Ibrahim, Julien & Théau
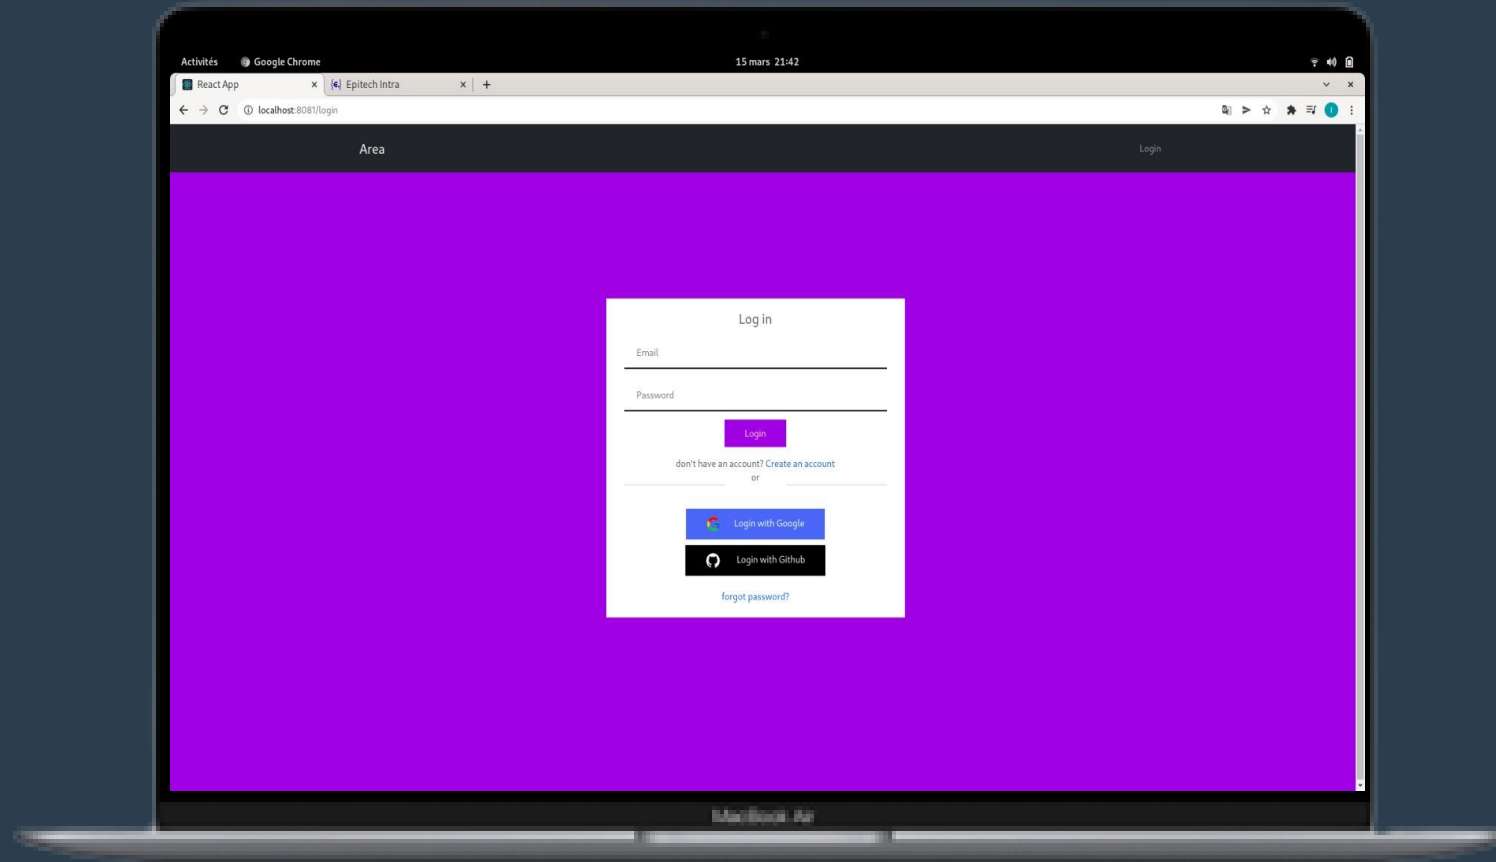

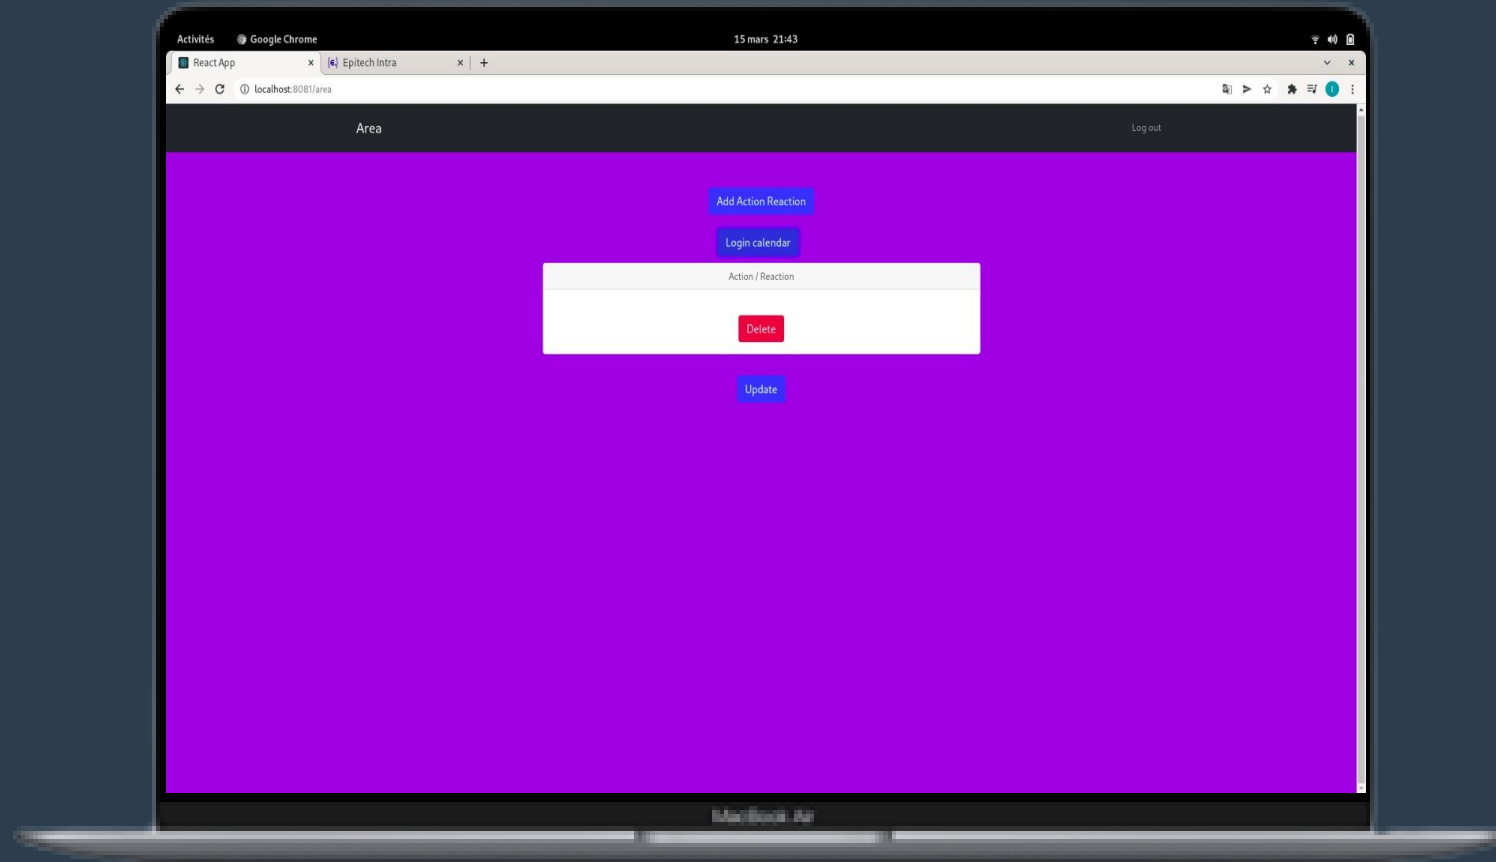

Join the page

# Register to create an account

# Login with your account or Google, GitHub
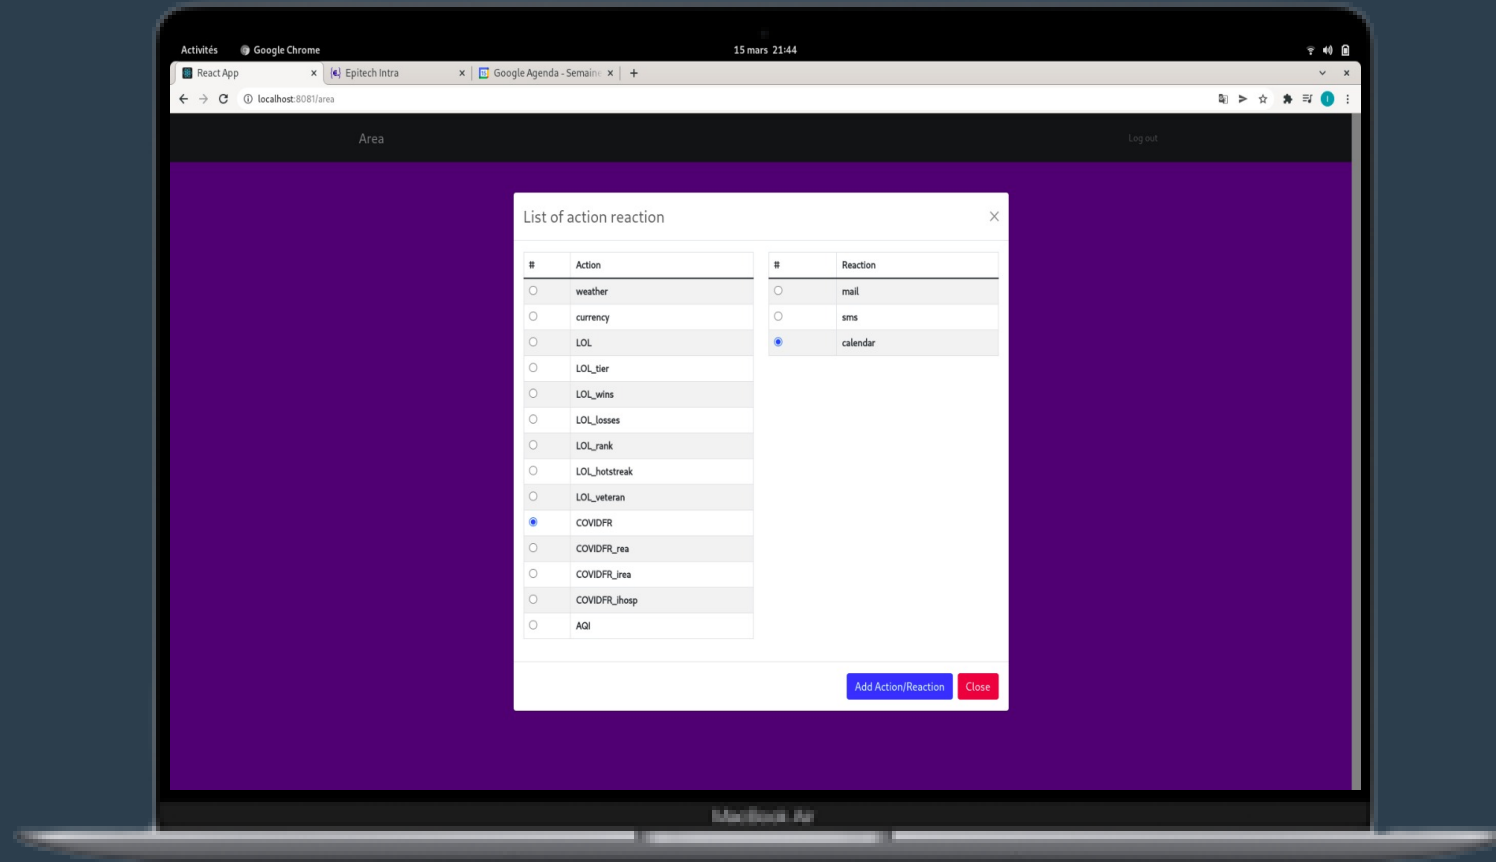

Welcome to your main page
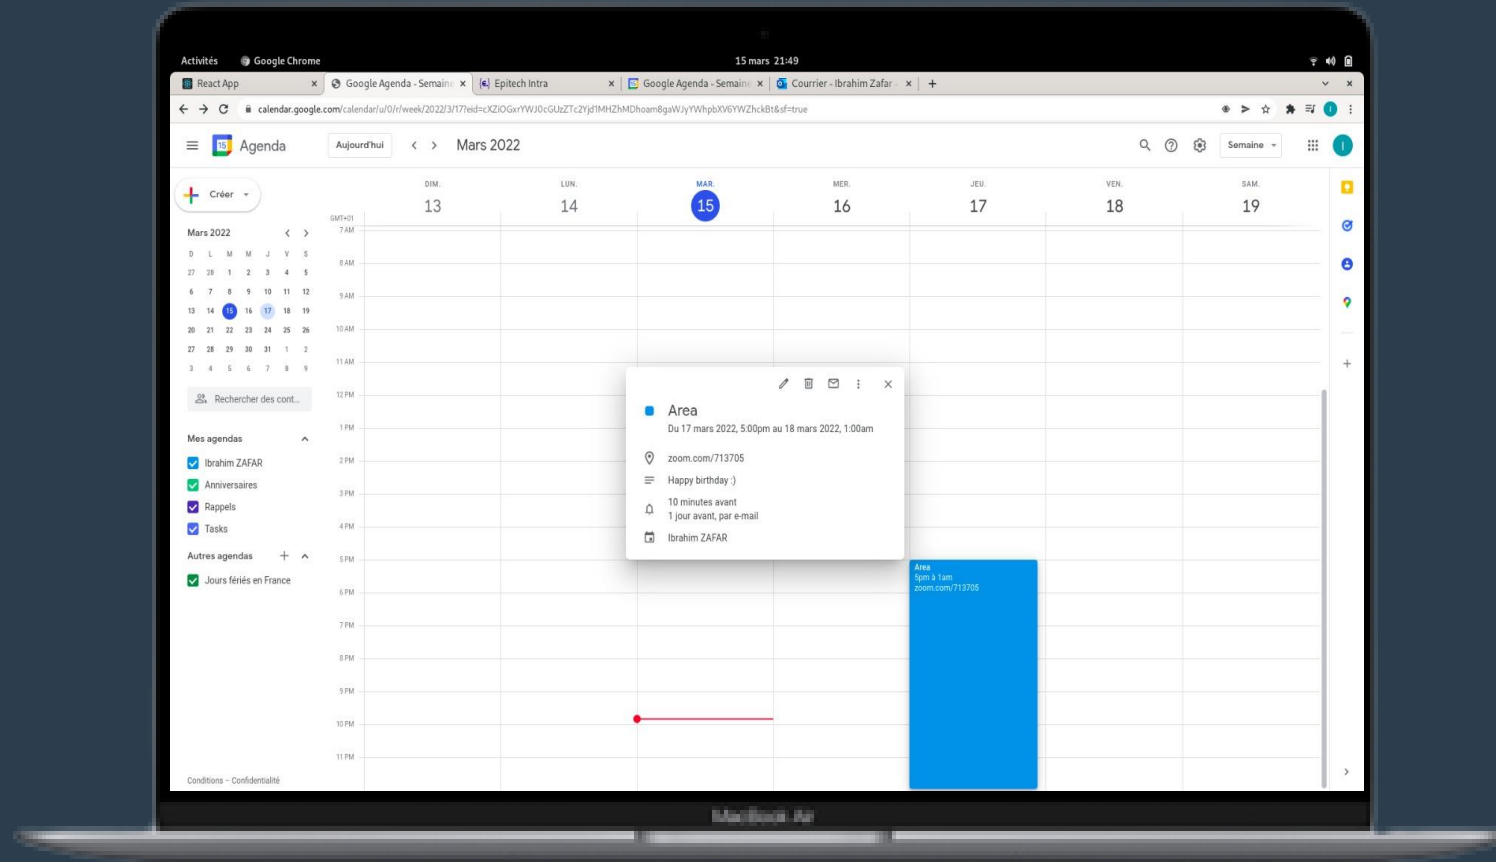

Where you can add an AREA

You'll have to login with Google to use the Calendar Reaction

Here you can create an AREA

Here is an AREA example

There is also a button to delete your AREAs

You can also update your AREAs or logout
